

## GCR-K709B

188mm × 112mm × 24mm

### Feature

- In full compliance with DVB-C cable digital TV reception standards
- Receives DVB-C standard digital television signal of 64QAM and 256QAM debugging
- Support dual decoding SD-MPEG-2, MPEG-4, H.264, AVS, Divx, program playback
- Support Gospell, Yongxin TV, digital video CA system
- Support high-resolution video output 480i, 480p, 576i, 720p
- 7-day electronic program guide (EPG)
- Channel favorite, move, delete, lock settings
- Support 4: 3 and 16: 9 screen ratio switch

## Subject

---

Brand	Gospell
Model	GCR-K709B
Type	DVB-C STB

## Basic parameters

---

processor	Hi3716MV330 , High-performance ARM Cortex A9 Processor, dual-core business processing mechanism
RAM	128 MB DDR3 ( support 256MB )
RAM	128 MB

## High-frequency Head

---

Input Frequency	115 ~ 862MHz
Input Level	36dBuV ~ 100dBuV
Standard	DVB-C
Demodulation method	16QAM/32QAM/64QAM/128QAM/256QAM
Bandwidth	8MHz

## PerformanceParameters

---

Output Resolution	720x576 ( Maximum, with the end of the signal adjustable )
Video Decoding	( ISO/IEC13818-2 ) MPEG-2 MP@ML
Audio Decoding	MPEG-1 ( layer1、 2 )
Video Format	PAL/NTSC auto
Display ratio	16:9 , 4:3

## Interface

---

RF Interface	one
Smart Card Interface	one
AV output	one
Power Input Interface	one , DC 5V 1.5A

## Other Parameters

---

Product Size	188mm × 112mm × 24mm
Maximum Consumption	5W
Standby power Consumption	≤1W
